The PID Forum

RDC Webinar - 27th February 2020

Ricarda Braukmann (DANS)
FREYA pillars

PID Forum (discusses)

PID Graph (implements)

PID Commons (consolidates)

Requirements

Services

Agreements
The PID Forum

• One of the 3 FREYA pillars

• Focused on engagement with the PID community
• Platform for
  • input and feedback from the PID community
  • exchange between FREYA and the PID community

• Community engagement facilitates sustainability of project outputs beyond the lifetime of FREYA
pidforum.org

- Global discussion platform for all things PID-related
- Launched at PIDapalooza 2019
- Now has 300+ members
pidforum.org

General
Topics that don't need a category, or don't fit into existing category.

PID Graph
Discussion of the PID Graph and all related activities.

PID Best Practices
A category to bring together information (papers and ideas on PID best practices for different communities).

PID News & Blogs
Share interesting PID news & blogs here.

PID-related events
Category to share any PID-related events that interest the community e.g. conferences, workshops and more.

PIDapalooza
Discussion topics and practical announcements.

Knowledge Hub
This category contains basic information for those new to Persistent Identifiers created by the FREYA Project, which will be continued to be updated throughout the project. Feedback on the content of the Knowledge Hub is welcome by leaving a comment or filling in this form.

- Getting Started with PIDs
- PIDs for Librarians and Repository Managers
- PIDs for Funders and Policy Makers
- PIDs for Publishers
- PIDs for Developers

FREYA Ambassadors Chat Room
This category provides a space for FREYA Ambassadors to chat and share thoughts and information relating to their work on PIDs.

ROR Chat Room
A chat room for the Research Organization Registry (ROR) Community.

PID Policy for EOSC
This space provides an area to comment and respond to the EOSC PID Policy. Please create a topic in the forum to share your response.

PID Hackathons
We are looking forward to welcoming attendees to the hackathon on discovering the software graph on 16-18 March 2019. In the post below, we have included some tools that you may find helpful. The event will take place from GMT at the British Library in London.

PID Developers
PID Developers is a category for developer discussions around persistent identifiers (PID)s:

- New PIDs
  - This category is for the discussion of new persistent identifier (PID)s, e.g. to discuss ideas, collect feedback, etc.

User Stories
User stories about PIDs used in the real world that we've implemented.

Questions
If you have a PID-related question, you can post it here.
Knowledge Hub

This category contains basic information for those new to Persistent Identifiers created by the FREYA Project. This section will continue to be updated throughout the project. If you have any feedback on the content of the Knowledge Hub, please let us know by leaving a comment or filling in this form.

- Getting Started with PIDs
- PIDs for Librarians and Repository Managers
- PIDs for Funders and Policy Makers
- PIDs for Publishers
- PIDs for Researchers

PID Policy for EOSC

This space provides an area to draft EOSC PID Policy. Please share your response.

PID Hackathons

We are looking forward to web hackathon on discovering the PIDs in 2019. In the post below we hope you may find helpful. The event is at GMT at the British Library in London.

User Stories

User stories about PIDs used and implemented.

Questions

If you have a PID-related question, you can post it here.
Any questions?
